Statement Placed on the Table of the House.

The items in the agenda and the summary of conclusions arrived at in the Third Annual Conference of Forest Officers during May 1960 are given below :—

SECTION A—PLANNING AND DEVELOPMENT.

1. *Physical targets—Reorientation on the basis of availability of suitable sites; and, reduction where indicated by experience in the Second Plan.*—The approach could be—

(1) To reduce the physical target wherever closer espacement was silviculturally called for. The increased quantity of work per unit area will inevitably result in reduction of the acreage to be dealt with.

(2) To stop further work on what have proved unsuitable sites, e.g., wattle in Punachi Range of Coimbatore South Division.
